

CUDHAM ENVIRONMENTAL ACTIVITIES CENTRE

New Barn Lane, Westerham Hill, Kent, TN16 2HT Telephone: 01959 574660
www.cudhameac.org.uk email us cudham@woodcraft.org.uk

SUGGESTED ACTIVITY PROGRAMME

As well as the main hall, we have a pitch with plenty of access to the woods and opportunities for campfires.

Some of your programme highlights could include:

- On site activities – bug hunting / art project / orienteering / maths exercises
- Team building games and activities / personal challenges
- Ramble or Walk for All Seasons planned activity using our pack (taster in Downloads section)
- Off site visits to Down House or Foal Farm
- Campfire and bushcraft cookery / forest school session
- Offsite visits to one of the many local attractions
- As well as opportunities for free time, craft and games

Whether this is your first or fifteenth trip, we are happy to work with you, across the Key Stages, to plan suitable activities for your visit, tailored to your group's needs so do please mention this when booking.

If you would prefer to split your group we also offer Monday–Wednesday and Wednesday–Friday booking for many schools, which works extremely well.

- Our Walk for All Seasons pack is a great educational resource used by many groups who visit the centre. We are happy to lead these activities for you (see Booking Form for details).
